

NASHWAUK

MCLAREN VALE

2009 Tempranillo

2009 Tempranillo

The Tempranillo on the Nashwauk vineyard was planted in 2000.

The fruit was picked on the 4th February and fermented in open fermenters for about 8 days, hand plunged three times a day. The fruit was then basket pressed into two and three year old French barrels. The wine spent 20 months in oak.

Fresh wild strawberries and five spice notes mingle with earthy tones on the nose. Dark cherries and plums on the palate with silky tannins. A wine to enjoy with food, in particular tapas.

Estate grown.
420 cases produced.
